#### Hands-free lighting

- Ready to use within 2 hours
- 80° swivel hook with magnet

#### Never loose your lamp again

- Improved colour scheme for ease relocation

## Penlight Premium Edd China Rechargeable Light

High-power LUXEON® LED 145 lm + 120 lm pointer, Robust Aluminium Housing, Rechargeable with USB

# Specifications

### Outer Carton

- Number of consumer packagings: 4
- Gross weight: 1.344 kg

### Ordering information

- Order entry: LPL36RECHX1
- Ordering code: 39518194

### Electrical characteristics

- Battery charging time: 2 hrs
- Battery run time: Up to 6 hours
- Battery type: 2 x AA LFP
- Charging cable type: Micro-USB port
- Plug type: cigarette charger
- Power source: Rechargeable
- Voltage: 100-240 V
- Wattage: 5 W

### Light characteristics

- Beam angle: 80 degree
- Beam angle (pointer): 15 degree

- Color temperature: 6000 K
- LED lifetime: 10000 hrs
- Light intensity (Boost): 300 lux at 0.5 m
- Light intensity (pointer): 4500 lux at 0.5 M
- Light output: 145 lumen

### Outerpack information

- Gross weight per piece: 1344 g

### Packaging Data

- EAN3: 8727900395198

### Product description

- Hook: 80° swivel clip
- Impact protection rating (IK): IK07
- Ingress protection rating (IP): IP54
- Magnet
- Materials & finishing: Robust metal housing
- Number of LED's: 5
- Operating Temperature: -10 to 50 °C
- Resistant to: grease, oil, workshop solvents
- Technology: LED

# Highlights

### Strong impact resistance -IK07

Strong impact resistance -IK07

### Resistant to chemicals

As well as resisting knocks, the inspection lamp cases are resistant to water, chemicals and workshop solvents.

### Wide beam angle

"Philips Penlight Premium Edd China has a beam angle of up to 80°, illuminating a large area to make your quick inspections more simple."

### Focus light: 120 lumens

Annoyed by the low quality of focus light? Don't worry. The upgraded Penlight Premium Edd China pointer offers a powerful 120 lumens of focus light that enable you to see what remains hidden for others. Thanks to its ultra-slim design, Philips Penlight Edd China can be manoeuvred through very small spaces, and its strong LUXEON® LED source will illuminate everything.

### High-power LUXEON® LED light

"Don't miss it out! Small and energetic, Philips Penlight Premium Edd China provides an amazing light output of 145 lumens with its high-power white LUXEON® LEDs. This slim companion ensures that you are not left in the dark when trying to spot even the smallest details, "

### Water and dust-protected

Philips Penlight Premium Edd China conforms to the IP54 standard. Your slim inspection tool is fully protected against water, humidity and dust from both inside and outside of your workshop.

### Fast-charging battery incl

Philips Penlight Premium Edd China is the only compact tool which is equipped with a fast-charging battery. Your pen tool is charged in 2 hours and ready for up to 6 hours' work. Philips Penlight Premium Edd China, your reliable hard-working tool companion which only needs a small recharge each day.

### Hands-free for work

With the 80° swivel hook with magnet, you have the possibility of placing this penlight on any surface, letting you have both hands free for your work.

## Defeat darkness

Philips Penlight Premium Edd China features powerful LUXEON® LEDs for an intense white light and a bright wide beam to defeat darkness. The wide beam of bright light is distributed evenly over the illuminated area, giving you the best possible overview and lighting up every detail with pinpoint precision. With a colour temperature of 6000 K, our LUXEON® LEDs produce a natural white light that's easy on the eye, improving visual comfort and reducing eye strain for fatigue-free working.
